And what's more, we're going to do it, too!"

I hope the days come easy & the moments pass slow, & each road leads you where you wanna go, and if you're faced with a choice, and you have to choose, I hope you choose the one that means the most to you. And if one door opens to another door closed, I hope you keep on walkin' till you find the window, if it's cold outside, show the world the warmth of your smile. But more than anything, more than anything..
Our wish, for you, is that this life becomes all that you want it to, your dreams stay big, your worries stay small, you never need to carry more than you can hold, & while you're out there getting where you're getting to, I hope you know that we all love you, & want the same things too, Yeah, this, is our wish.
